

NEWLINE

3 Bedrooms/2.5 bathrooms/2 cars

GUIDE PRICE FOR STANDARD MODEL

\$950,000

DESCRIPTION

From the street, the Newline immediately exudes a sense of style. Its distinctive, wood-panelled, curved-wall entrance and large, welcoming front door invite you inside. As soon as you enter, there's a direct line of sight through to full-height windows at the rear of the house and out into the garden. This visual connection draws you further in, down a spacious corridor, past a secluded family/media room and into a combined open-plan kitchen and living area. This is where the ceiling lifts dramatically to create a generous, airy and relaxed space, featuring our signature exposed beams. The timber-clad ceiling is raked up to a skylight that floods the room with natural light, flowing seamlessly through to a large, undercover outdoor living area that looks out over the back garden.

FEATURES

- Combined kitchen, living and dining area with high raked ceiling.
- Large outdoor covered terrace room.
- Separate pantry with sink
- Two living rooms plus dining
- Study desk with storage options
- Storage room
